To Whom it may Concern

Dear Sir / Ma,

LETTER OF RECOMMENDATION FOR MR OGHENEFEGOR FAVOUR UGBINE

We wish to present to you this letter of recommendation for Mr. Oghenefegor, Favour Ugbine.

Mr. Oghenefegor joined our company as a Maintenance Engineer trainee through the National Youth Service Corps (NYSC) program. It was evident from the start that he possessed a great deal of potential.

As the General Manager responsible for the management of Lubes Business Unit in Techno Oil Limited, I have had the privilege of working closely with him for over a year. During this time, he demonstrated exceptional skills, commitment, dedication, and professionalism in his work.

He quickly adapted to the high-pressure environment, particularly in the Blending Plant and Liquefied Petroleum Gas (LPG) Plant, showcasing his ability to thrive under challenging circumstances. Throughout his work at Techno Oil Limited, Mr. Oghenefegor consistently exceeded expectations and displayed a meticulous approach to his duties. His expertise in optimizing lubricant machinery on the blending production lines was evident and resulted in increased efficiency and productivity.

Mr. Oghenefegor also played a crucial role in the maintenance of the water treatment plant, executing the backwashing process with silicon dioxide and carbon meticulously to meet industry standards. Moreover, his attention to detail in maintaining the fire pump engine ensured a constant supply of water pressure to all fire hydrants, safeguarding our facilities and personnel. He also effectively managed the vented air compressor, ensuring proper air flow on both the LPG and blending plant. In addition to his technical abilities.

It is without doubt that I say that Mr. Oghenefegor will be an invaluable asset to any organization if given the opportunity to prove himself. I know he will excel in any role he undertakes.

Thank you

Yours Sincerely

For: Techno Oil Limited

Ken Abazie Esq.
